

SEVIS Release 6.19 Final System Changes

December 18, 2014

Production Release Date: December 19, 2014

The following summarizes the final system changes to SEVIS with Release 6.19.

F/M School Officials

Improved List Functionality during the Verification Period

During the annual school official verification period, this release will provide the ability for the Designated School Official (DSO), to return back to Listing of Schools page from the School Information page if the DSO has lost access to a school because the Principal Designated School Official (PDSO) has not verified the school officials for one campus of that school or the date is during the verification period. The new return to list link, ***'Return to Listing of Schools'*** will only appear on the School Information page during the school official verification period.

J Sponsor Officials

Improved List Functionality during the Verification Period

During the annual sponsor official verification period, this release will provide the ability for the Alternate Responsible Officer (ARO), to return back to Listing of Programs page from the Program Information page if the ARO has lost access to a program because Responsible Officer (RO) has not verified the sponsor officials for the program or the date is during the verification period. The new return to list link, ***'Return to Listing of Programs'*** will only appear on the Program Information page during the sponsor official verification period.

User Manuals, Online Help, and Tutorials

SEVIS Online Help and User Manuals for program sponsor officials will be updated to reflect the changes implemented with SEVIS Release 6.19.
